Fire Alarm System Accessories

Model 4190-9013, 24-Pin Dot Matrix
Fire Alarm System Remote Printer

Features

High resolution, 24-pin, dot matrix bi-directional printer for use with Simplex® model:

- 4100ES, 4100U, 4100, 4010ES and 4010 Series Fire Alarm Control Panels
- 4190 Series Network Annunciator Products
- Other new and legacy Simplex fire alarm control panels with serial printer support (contact your local Simplex product representative for compatibility)

Provides hard copy records of:

- System events with alarm conditions automatically printed **bold**
- TrueAlarm® analog sensor information
- WALKTEST™ system testing
- History files

Serial RS-232, USB, or parallel communications interface

RS-232 communications and AC input are transient protected

UL listed to Standard 864

Description

Model 4190-9013 is a high resolution 24-pin printer for use with Simplex fire alarm control panels and related systems. It is listed for supplemental fire protective signaling system operation under UL Standard 864.

Transient suppression is included for both RS-232 communications and 120 VAC power. Testing is performed to ensure proper operation with compatible UL listed fire alarm control equipment.

Typical printer operations would include: recording of fire alarm system activity for fire response documentation, documenting non-fire alarm activity such as security monitoring of door openings and WALKTEST system test results, and documenting other related activity (such as AC power failure and restoration) as directed by the connected panel. Additionally, diagnostic information may be printed such as TrueAlarm analog sensor status and service reports for analysis of smoke detection sensitivity (refer to sample printouts on page 2).

Refer to Installation Instructions 579-233 for additional information.

4190-9013 Fire Alarm System Printer

Specifications

Voltage	120 VAC, 60 Hz	
Idle Current	130 mA @ 120 VAC	
Print Current @ 120 VAC	1.1 A typical, 2.6 A maximum, depending on character type	
Print Power @ 120 VAC	Approximately 42 W per ISO/IEC 10561 letter pattern	
Print Speed (characters per second, cps)	High Speed Draft Mode	440 cps @ 10 cpi
	Draft Mode	330 cps @ 10 cpi
	Letter Quality	110 cps @ 10 cpi
Column Width	80 Columns @ 10 cpi	
Buffer Size	128 kB	
Paper Specifications	Fan Fold	4" to 10" wide (101 to 254 mm)
	Cut Sheet	5-13/16" to 10-1/8" wide (148 to 257 mm)
	Copies	Original and up to 4 copies, carbon-less only
Dimensions	16-5/16" W x 13-13/16" D x 6-5/8" H (414 mm x 350 mm x 168 mm)	
Weight	15.9 lbs (7.2 kg)	
Operating Temperature	32° to 120° F (0° to 49° C)	
Humidity	10 to 85% RH, non-condensing	
Replacement Ribbon	Order as vended item in Job Design, Bushnell Ribbon 837-0100	
System Designation	PRT80S, Supervised PRT80U, Unsupervised	

Please note that the printer specifications supplied under this model number may vary slightly due to product availability.
